Dear Berkshire Wedding Services,

Thank you first of all, for organising such a wonderful wedding show at Blue Mountain on Sunday 24th of February 2008. The event ran very smoothly and it was a pleasure to host with such good organisation from your wedding show team.

The day was very successful with just fewer than 100 brides through the door. Aside of this there was a good quality turnout, through your good advertisement of the event.

The wedding show itself was well presented with all exhibitors providing a good quality display. Your wedding services were very helpful in the organisation leading up to the event, keeping in regular contact with us. Also, on the day providing a most valuable source of support and assistance.

The wedding show proved most effective for Blue Mountain, gaining new wedding business as a direct result.

Many thanks for all of your help at this event and we look forward to our next wedding show you are holding at our venue later in the year.

Thanks again,

Kind regards

GRANT CONVEY
General Manager
